Sample Teacher Grant Application

Email: teacher@123abc.org

Name: Jane Smith

School: Blessed Sacrament/St. Dominic/St. Francis/St. Peter

Grade Level or Subject: 7th-8th grade Science

PROJECT INFORMATION

Project Title: Microscopes

What educational need would grant funding help to address? (2-5 sentences): Currently, we only have one microscope for our 7th and 8th grade science classes to utilize for various lessons throughout the school year. Funding would allow us to purchase an additional microscope.

Please provide a brief description. (2-5 sentences): The microscope we would like to purchase will be used for [include specific lessons, projects, learning opportunities, etc.] The addition of the microscope provides students the opportunity to [include specific examples of how this would enhance the learning.] The additional microscope also allows students more time with the instrument as there would be more than one they can use.

What goal(s) do you have for this project? (2-5 sentences, should include how you will measure success):
1. Students will gain a better understanding of the course material where microscopes are utilized due to the opportunity to utilize the instruments more. This will be tracked by comparing last year's test scores on material utilizing the microscopes to the current year.
2. The time needed to teach lessons involving the microscopes will be decreased since there will now be an added instrument for use. This will be tracked by comparing lesson plans/timelines from last year to the current year.

Projected number of students impacted: 45 each year for approximately 10 years (the typical lifespan of this type of instrument)

Will these funds provide support for a one-time opportunity or will they support multiple years? Multiple years

Will these funds be used as matching funds for another grant? No

BUDGET

How much are you requesting? $675

Item #1: Genesis Microscope 3000

Item #1 Cost: $650 + $25 shipping

APPROVAL

I have spoken to my principal and have received approval to submit this application. Yes
